

## About Our Company

River Brokerage was established in 2006 - under Register no. J13/586/28.02.2006, EORI No. RO18432150, as a result of more than 20 years of experience in port agency services.

Constantly changing to meet the new demands of the international shipping community, River Brokerage has been recognized as a high quality, professional, lead company, with access to an international network of shipping lines, offering integrated and inter-modal solutions for the transport of goods.

### Mission

As independent shipbrokers and shipping agency, our aim is to manage the vessel fully safety and environmental friendly as well as to find the best possible cargo and the suitable vessel with the best possible freight rate for the owners and charterers

### Vision

Executive nature of the company is not only being intermediary between the third parties, the company is also preserving all rights and interests of all parties, namely owners and charterers. Our goal is to keep our client completely satisfied by the rendered services.

## Services

The company has three main areas of expertise:

### 1. Ship-brokerage

- The company is specialized mainly on petroleum product transport brokerage continuing with general dry cargo transport brokerage.
- We covering a wide inland navigation area:
  - Rhine river;
  - Main river;
  - Danube river
- As well as open sea area for all types of sea going vessels:
  - the Mediterranean Sea;
  - the Black Sea;

### 2. Shipping Agency

- River Brokerage can meet your every requirement 24/7 with competent and dedicated staff, ensuring a quick and smooth vessel turnaround in Romanian Black Sea Ports
- Round the clock, 365 days a year, River Brokerage ensures ceaseless performance and high quality services for vessel's call in any Romanian Black Sea Port and/or Constanta-Danube channel transiting locks.
- For a reasonable fee, River Brokerage will undertake on behalf of Owners the payment of port dues and services, as well as the adequate husbandry requirements, under their guarantee that Owners will have best services for minimum expenses.

### 3. Forwarding agent

- River Brokerage has a track record of providing successful import/export management and consultancy services such as :
  - suspensive and temporary custom procedures for non – EU cargoes;
  - excisable goods operation for EU deliveries;
  - free zone trading
- As custom broker we provide expert customs clearance and forwarding services in all Romanian ports

### 4. Shipowner

- River Brokerage has under direct management river tonnage capacity exceeding 10000 TC, used for transport of clean petroleum products and heavy dirty products as well. This tonnage includes our own 2000 tons capacity river tanker, dedicated exclusively for diesel and light distilled petroleum products transport.

## Market Coverage

The strategy of our company is to establish good relationship with all shipping areas and to make stronger the chain/link with the present partners and customers.

River Brokerage is continuously focused to expand and improve, investing constantly to upgrade and enhance itself in order to meet and exceed all our customer's requirements for quality in this fast growing market.

- River Brokerage will provide you with their best offer in all areas of expertise.
- Our company covers:
  - tankers;
  - general cargo;
  - inland navigation barges calling for loading /discharging operation and/or repairs.
- River Brokerage has good liaison with ports in:
  - ARA zone;
  - Germany;
